[Vikram Sharma](#) , *Project Manager - Operations JJ(Nuovo Pignone)* , *Tata Consultancy Services Limited*

was a consultant or contractor to Bernardo at GE Oil & Gas

“I had the privilege to work with Bernardo twice during our shared time at GE. First, while I was on GE's Corporate Audit Staff - while Bernardo was at GE Money. Later, while Bernardo was CIO of GE Oil & Gas, we again worked together. I am grateful to Bernardo for his support while I came up to speed in my role (in both cases), taking time to introduce me to key people, as well as outline key technologies in use. His active support was critical to my current success.” April 1, 2009

[Heather Gillbanks](#) , *Manager – Solution Architecture* , *General Electric*
worked indirectly for Bernardo at GE Oil & Gas

“Bernardo supported the introduction of Servigistics in Oil&Gas. Thanks to his great expertise and business acumen, he was able to drive the team with the right data and perspective, allowing to build an effective contract and environment, which allowed to execute the project on time and on costs. Bernardo acted as a real coach and his great vision as well as his 360 deg. perspective were really a great asset for the project.” February 27, 2009

“Bernardo is a business focused technology executive who drives for strong results in every situation. His direct approach and ability to manage major initiatives have made him a tremendous success.” January 25, 2007

[Andrew Morawski](#) , *Senior Vice President of Sales and Global Accounts , Telstra Incorporated*
was a consultant or contractor to Bernardo at GE Consumer Finance

“I have had the pleasure of working with Bernardo Nicoletti for many years whilst he served in a variety of roles at GE Consumer Finance. He is a complete professional and is passionate about everything that he is responsible for. Of particular note is the relationships that Bernardo has fostered over the years. One notable relationship is that with the graduate program people. Bernardo would often invest many hours coaching and cultivating them, because after all, they are the future leaders of our business. Bernardo got promoted and is now the CIO of GE Oil and Gas. I have no doubt in my mind that Bernardo is making a big difference with the talent in that business too.” December 18, 2006

[Jenny Gee Wah](#) , *IT Project Manager , GE Consumer Finance*
